Hi Elizabeth and Annie,

This old case has a new and firm trial date of 12/6/2010. I wanted to get it on your calendar. (If we need you to testify, it would be during that week).

I will try (again) to get the defense to stipulate to the drug certifications, or at least to agree to let one Analyst testify to all the results (probably Elizabeth who was an Analyst on most of the Certs).

You previously provided to me, and I have produced to the defendant all of your resumes, and backup analysis/data (as well as the Certs). (I assume you still have your files. I have all the stuff too).

I will be in touch as we get closer to the trial date.

Don't hesitate to call me (617-748-3101) or email me with any questions/concerns.

Many thanks,

Chris Bator (Assistant US Attorney)
